Cork November 11 - 1847

My dear Mrs. Chapman

Again we have
the pleasure of sending you
our Anti-Slavery Contributions
- you have heard the reasons why
we were not earlier actively
engaged in your great cause
and will pardon any deficiencies
you may perceive in the
articles - you set us all a
noble example of untiring
patience - your energy causes

as the proceeds still more vigorously
- see full or perfect conviction
that all the money received
is spent for the cause of
Freedom - and for that alone -
no party feeling or sectarian
goal is nourished by the
proceeds of your Fair -

And now for a few requests
which our London friends in
accordance with your own
wishes - that you will this
time publish the names of
our contributors - we feel as

ly if the best acknowledgment of
the articles being received in
Boston would come from those
who receive them there -

Secondly, that you would send
us as soon as convenient (and
we would willingly and indeed
gladly pay 5s or 6s for our
share of a parcel) some of the
short accounts of the Bazaar &c.
you will doubtless publish as
heretofore on small sheets of
paper - we hope to get one for
each Contributor - it will bring
you nearer to some of our friends
than you are at present - all

1847

cannot know you as you have
been made known to us through
our friends C. L. Remond, J. W.
Buffum and Frederic Douglass

With regard to the Liberty Bells
we shall ask you in addition to
the ones you kindly sent to ourselves,
your Treasurer H. C. White - to
send one to Mrs Beamish, Beaumont
as President - and to Miss Peck who
has devoted her leisure time for
many months to working the Table
Cover - unbound copies will fully
suffice for all - 5 in number.

With the highest respect for
all the devoted friends of the
Anti Slavery Cause -

we remain on behalf of the Society

Yours friends
